

Visitors to our websites

When someone visits www.cdcgroup.com we collect standard internet log information and details of visitor behaviour patterns. We do this to find out things such as the number of visitors to the various parts of the site. We collect this information in a way which does not identify anyone. We will not associate any data gathered from this site with any personally identifying information from any source. If we do want to collect personally identifiable information through our website, we will be transparent about this. We will make it clear when we collect personal information and will explain what we intend to do with it.

Use of cookies by CDC Group plc

As a result of new UK legislation relating to the use of cookies and similar technologies, cookies on websites can only be used with the specific consent of the website user. CDC Group plc uses cookies in the operation of its website in a number of areas and these cookies apply to visitors to its website. Cookies are small text files that are placed on your computer by websites that you visit. They are widely used in order to make websites work, or work more efficiently, as well as to provide information to the owners of the site. CDC Group plc does not use cookies to collect personally identifiable information about any user of the website. If desired however, it is possible to restrict or block the cookies we use on our website within browser settings. The 'Help' function within the browser should explain how to do this. The table below explains the cookies we use and why.
